Informa completes £1.2bn acquisition of Penton Information Services

Group adds Balance and Breadth with acquisition of Penton, further strengthening Global Exhibitions and Business Intelligence Divisions and expanding US presence

London: Informa (LSE: INF.L), ("Informa"), the international Business Intelligence, Exhibitions, Events and Academic Publishing Group, has completed the £1.2bn acquisition of Penton Information Services, the leading independent US Exhibitions and Professional Information Services group.

The acquisition, which has met all outstanding conditions, forms part of Informa's **2014-17 Growth Acceleration Plan**, designed to build platform capabilities, add market-scale and deliver sustainable growth across the Group.

As stated at the time of the acquisition announcement in September, the Board of Informa believes the combination with Penton is commercially and financially compelling, with a strong portfolio fit that significantly strengthens the **Global Exhibitions** and **Business Intelligence** Divisions and improves the Group's long-term growth prospects.

In **Global Exhibitions**, Penton will add around 30 Exhibitions and increase the number of tier-one US Brands to 16 of the Top 250 Exhibitions.

For **Business Intelligence**, Penton brings more than 20 attractive digital subscription data Brands and a portfolio of 100+ print and digital B2B insight products.

Penton also brings a range of Branded content and large-scale engagement platforms, mainly in the TMT vertical, which will be combined with the **Knowledge & Networking** Division.

The combination will also lift the proportion of Group revenues denominated in US Dollars or currencies pegged to the US Dollar to 65%.

Patrick Martell, Chief Executive of the **Business Intelligence** Division, has now assumed the additional role of Chief Executive and Integration Officer for Penton.

Stephen A. Carter, Group Chief Executive, said: "We are delighted to welcome Penton Information Services to the Group, which adds Balance and Breadth to our portfolio and increases our scale in the US.

"Our primary focus is to deliver the 2016 financial targets for Informa, and to maintain operational discipline through the early part of 2017 – a key period in which several major Exhibitions are held and when Business Intelligence subscriptions are renewed.

"Since the acquisition announcement, our interaction with the Penton team has reaffirmed our belief that this combination will enhance our presence in attractive market segments. As part of the *Growth Acceleration Plan*, it demonstrates our commitment to improving growth and delivering attractive returns for shareholders."

Following this announcement, 12,829,146 shares will be admitted to trading on the London Stock Exchange, with a holding period of up to one year, as part of the consideration to the vendors of

Penton¹. This follows the admission of 162,234,656 shares on 26 October 2016 relating to the Rights Issue that formed part of the funding for the Acquisition.

The total number of Informa shares in issue is now just over 824m, which, at last night's closing share price of 682p equates to a market capitalisation of £5.6bn.
